From the Principal's Desk

The College completes two decades marked with progress, constant up gradation and with dreams of scaling new heights. Progress has been met with new challenges and has raised awareness of the herculean task of educational institutions.

I wish to reiterate a few things that we as Educators and Parents should remember, that an educational institution is not just to pack students with facts but to inculcate in them the love for a good meaningful life.

The college has an excellent infrastructure and the numerous activities conducted beyond the curriculum help to mould and reshape personality. The students, the major stakeholders should come forward to take advantage of the facilities and prepare for an active participation in the college and in the society

The spotlight falls on the teachers who have to delicately navigate through a students' life; correcting, reprimanding and complimenting them. Students should think independently and take corrections in a positive manner.

Musical Tambola

Musical Tambola is also called "Musical Housie." All of us know what the game of housie (or lotto or tambola) is. Musical housie is slightly different. The ticket has names of movies instead of the numbers. We had a collection of about 100 different movie songs. The songs were not complete, but just a snippet of about a minute. The game is pretty simple. We played the songs non-stop. As the song started playing, the players were to recognize the movie to which the song belonged. If that movie was amongst the 12 movies on your ticket, you got a hit. You mark it on the ticket with a tick. Musical Tambola was organized on 9th February, 2018 in the conference hall. There was active participation by 50 students. Prof. Krupa Trivedi, Prof. Radhika Dave and Prof. Hetal Gandeche were present during the event.

SUR – TAAL

Music ignites all areas of student development: intellectual, social and emotional, motor, language, and overall literacy. It helps the body and the mind work together. Patriotic songs are songs that demonstrate love for one's country or have themes that glorify self-sacrifice, land's beauty, history or ideals. Music is beneficial for student as it not only develops their aesthetic sense, but is also the key to creativity. It is one of the most beloved human experiences and plays an important role in the education of a student by providing it an opportunity of self-expression. A 'Patriotic Song Competition' was organized on 26th July, 2017 to expose our children to music, while also enhancing their language and presentation skills. With true spirit of patriotism, Music club & NSS jointly organized Sur – Taal competition in which 20 students participated. The students showered their love for the motherland by singing varied patriotic songs. It was truly a proud moment. First position was secured by Shikha Srivastava of B.com SEM 3 D, the second place was Parshva Shah of B.com SEM 1 A followed by Foram Mehta of B.com SEM 3 B at third position.

Antakshari

Antakshari can be played by two or more people and is popular as a group activity during commutes, bus rides etc. The first singer has to sing two complete lines and then s/he may stop at the end of those or following lines. The last Hindi letter of the last word sung is then used by the next singer to sing another song, starting with that letter. The winner or winning team is decided by a process of elimination. The person or team that cannot come up with a song with the right consonant is eliminated. The Mega & the most awaited event of the college "Antakshari" was organized on 27th July, 2017. There were five rounds celebrated with great excitement. Students enjoyed it thoroughly. There was also active participation of 50 students and the event was judged by Prof. Radhika Dave and Prof. Shilpa Bhatt. The team of mentors also participated and went jingling along with the students.
